

**Description**

The smoke cut filter is an air filter unit for a Panasonic's applicable projector, for when the projector is used at events or other situations where smoke, fog or haze is being generated as a special effect.

<b>Specifications</b>	Dimensions (W × H × D):	280 × 145 × 25 mm (11-1/32 × 5-23/32 × 31/32 inches)
	Weight:	Approximately 58 g (2.0 ozs)  * Average value. May differ depending on the actual unit.

**Caution:**

- When the filter is attached, be sure to switch the filter type on the projector's onscreen menu.
- The filter can be used for approximately 24 hours in smoky, foggy or hazy environments. Note that the filter cannot be reused. After use, replace it with an unused filter.
- The filter cannot be used at altitudes of 1,400 meters (4,593 feet) or more above sea level or when the ambient temperature is 35 °C (95 °F) or higher.
